

Health & Safety

Risk Assessment document from Jan 2019

Currently the committee is reviewing the Risks associated with the busy pavement bordering the piste following the refurbishment of both the children's playground and the skateboard.

A temporary chain fence is now available to warn the public of play taking place adjacent to the playground entrance.

The assessment was reviewed again in June and September in the light of Government regulations regarding the Covid-19 pandemic

Risk Assessment document from Sept 2020
